Other Skills

I managed a team of 7 members(developers) toward a successful launch of a health website with 2weeks
A Good listener and communicator

Professional Experience

2022 – 2023
owerri, Nigeria

Web Developer

Keresghost NFT

- Managed a role as a front-end developer at an NFT Startup Keresghost
- Organized the search that led to the easier implementation of the API integration in the gallery page and the overall responsiveness of the website, in turn, reduced the cost of hiring other developers for the job
- Conducted the meetings during the course of the project that helped us get the ideas for the design and development of all the pages across the website and was launched in 16weeks

09/2020 – 12/2022
Lagos, Nigeria

Web Developer

Nutriticare ✉

- Worked directly as a team member and a led role to develop a great user interface, optimized and well-responsive website for the company within 3weeks which boosted the company's online presence and the had a 10% increase in their productivity.

05/2019 – 09/2022
Lagos, Nigeria

Writer

Entrepreneur Business Blog Of Nigeria ✉

- co-ordinated as a team member in developing original quality blog posts/Articles that increased their traffic and had over a thousand views.

Here are the links to the articles written me on the blogs
